League's (MML) priority legislation has been eager to accommodate activities there. Another piece of critical legislation we (MML) have been advocating is the need to be able to control what structures are placed along our streets. I mentioned in the last issue, the notion of allowing "small cell" towers to be installed "willy-nilly" around town by cell phone providers or their surrogates has become a real possibility (and threat). MML vigorously opposed the notion of allowing "small cell" towers to be installed "willy-nilly" around town by cell phone providers or their surrogates to be installed "willy-nilly" around town by cell phone providers or their surrogates has become a real possibility (and threat). MML vigorously opposed the legislation by the carriers to allow just that type of indiscriminate placement. At the last moment, the hearing on this bill was canceled, so it looks like it will go to "summer study." The battle for our streets is not won, by a long shot, so stay tuned.

Your City Council held its' annual retreat on Saturday, March 10th. You may recall that is was postponed from February 24th, due to having that meeting interrupted repeatedly by a citizen in attendance. Things like this are unfortunate but have become far too commonplace of late. Part of what we discussed at our session was ways to try and prevent this type of disruption in the future. We also discussed the prospect of finally moving forward with the Bollinger Park Project, which has been in the planning stage for some time now, mainly due to the recession. We talked further about adding a "Gazebo" to the Memorial Park to accommodate activities there. Another...
STREET SWEEPING SCHEDULE:

**Monday, April 16, 2018**
From 5AM to 10AM (no parking allowed):
- York, Frederick, East & West Baltimore Streets

**Monday, May 21, 2018**
From 5AM to 10AM (no parking allowed):
- York, Frederick, East & West Baltimore Streets

Vehicles are prohibited from parking in the metered spaces on the posted no-parking streets between the hours of 5:00 A.M. and 10:00 A.M. Vehicles that are not moved during this time period will be issued a parking citation. Residents may park their vehicles in the municipal parking lot on Record Lane or in the rear parking lot of the Police Station. Thank you for your cooperation.

SWEEPING OF ALL STREETS

All City street curbs will be swept beginning April 30, 2018 and run the first week of May (May 1 through May 4, 2018). Sweeping will begin in all developments north of Roberts Mill Road. Sweeping will then be moving from the Eastside of the City to the Westside until completed. Please park vehicles in your driveway until sweeping is completed on your street. Thank you for your cooperation.

TRASH & RECYCLING COLLECTION

Week of Memorial Day: (NO CHANGE) Collection will take place on Wednesday, May 30, 2018.

YARD WASTE

Beginning in April and continuing through November, the Public Works Department will again pick up grass clippings on Tuesdays. You must call the City Office no later than 3 p.m. Monday to schedule for pick up the next day. Currently there are no charges to Carroll County residents for disposal of yard waste, at the County Landfill in Westminster (410) 386-4550:
- Please place your bags at the curb by 7:30 a.m., the morning of pick up.
- Yard waste must be placed in paper-kraft bags only.
- Please limit the weight of bags so they can be easily lifted for loading and unloading without bag breakage.
- This service is limited to grass clippings, flower & shrubbery trimmings only. Please do not dispose of dirt, sod, thistle, or household garbage.

STORM WATER INLETS

Please do not sweep or blow grass and debris into the street. This practice can block downstream storm water inlet grates and pipes causing storm water to backup into the street, creating flooding conditions. Also, please report anyone seen dumping materials into the storm water drainage system, by contacting the Taneytown Police Department (410) 751-1150 or the City Office (410) 751-1100. It could be contaminating our environment.

BULK TRASH

SATURDAY, MAY 5, 2018:
From 7:30 a.m. to 1 p.m. the City will provide compaction trucks and dumpsters at Taneytown Memorial Park for the removal of bulk trash. Citizens are asked to observe the following procedures:
- Citizens will be responsible for bringing their trash to the park for disposal.
- All persons who are dumping material will be required to show proper ID to the attendants, before they can drop off their trash.
City News

MAYOR'S MESSAGE

(Continued from page 1)

issue that has been looming over Coun-
cil for some time is the need to update
our Charter and code. This is a task that
will require a lot of detail work, making
sure we have our Charter and Codes
agree. The City began it's budgeting pro-
cess on March 28th. We continue to look
for ways to keep our tax rate from rising
and at the same time render the services
our citizen's demand. This too, is no small
task. I have pledged not to raise taxes and
that is still my intent. We have been
blessed with planned growth, over the
years in Taneytown that has allowed us
keep the tax rate constant. New business
and new housing developments are again
beginning to materialize. I feel sure we
can hold the line on a tax increase once
again. We will have to be especially dili-
gent to watch every penny until the new
growth shows ups as tax revenue. I ap-
preciate your support.

I mentioned there are new busi-
nesses coming to town, in the previous
paragraph and indeed, Nancy
McCormick in Economic Development
and in fact the whole staff has been busy.
In the immediate future we will welcome
the Tannery Barn (Photography by
Michelle's old location on Frederick St).
A new restaurant will be opening, E-Z
Does It, featuring Cajun/Southern cuisine
(yum, I can't wait!), W. Baltimore St/
Emmitsburg Pike) will be located at the
old Gunner's Grill Site. The Common
Grounds Coffee Shop, on the Square, will
be opening soon and George's on York
(10 York Street), Bed & Breakfast is
about to be complete. An eighteen year
business veteran, Bollinger Gunsmithing,
will open a store front in the old Model
Steam Bakery on W. Baltimore Street.
Our funeral home has plans to expand,
as does "The Hitchman", Trailers on
York Street. I hope I didn't miss anyone,
but what I'm trying to convey is that busi-
nesses from all over are finding that
Taneytown is the place to be! Make sure
you spend some of your time strolling our
town and welcoming and patronizing our
businesses.

Well it is time to close, once again.
But I can't close without this issue's His-
tory Question. Last issues contest was
won by James Thompson, a home
schooled seventh grade student who an-
swered correctly that Lt. Buffington was
the Congressional Medal of Honor win-
er from Taneytown and is buried in
Trinity Lutheran Cemetery.

This issues' question came from a
meeting I attended with Main Street Man-
gers, from around the state, at the New
Tannery Barn (3/13). Taneytown and it's
environs, was a center for the Maryland
Horse Racing Industry during the latter
part of the nineteenth century and the first
part of the twentieth century. In fact the
Tannery Barn's location was used to
house a special race horse breed of the
day. Q) What was the name of that breed
(Hint: forerunner of the modern Thor-
oughbred). Be the first school age stu-
dent to respond to my email
(jlmccarron@taneytown.org) with the
correct answer and win a gift card from a
Taneytown area merchant. If you have
been a recent winner, give someone else
a chance. Good Luck! Remember to give
you name, age and what grade you are in
school and where you attend.

WHAT AND WHO IS TANEYTOWN MAIN STREET

Many years ago when Walt Disney was creating Disney World, he remembered where his family shopped, went to the movies and congregated with friends and family. He remembered his downtown Main Street as a place he wanted to recreate in his Disney World; National Historical Preservation created a program called MAIN STREET to enhance bringing back the neighborhood.

Taneytown Main Street has been a State program under MD Housing and Community Development since 2000 and a National Main Street since 2005. Taneytown Main Street is also a 501C3 non-profit under the Community Foundation of Carroll County. The four main components of the program are: Organization, Promotion, Design and Economic Restructuring, each component has identified areas that would and can revitalize the downtown Main Street.

Nothing with this program could be accomplished without the support of the City and of course, the numerous volunteers over the years and currently, who have given their time and talents to various events and programs. Below are some of the accomplishments that Taneytown Main Street Committees have accomplished:

• Committee was responsible for the Zile’s Ice Cream Sign on the side of City Hall - private donation in partnership with Main Street.
• Committee assisted with design of the revamping of City Hall parking lot with landscaping and fencing.
• Committee researched and financed the Town Clock in partnership with a private donor.
• Procured grant design services for many commercial property owners in the Main Street area who used the service for facade grant enhancement.
• Designed and financed thru grants, the City municipal parking lot in partnership with the City of Taneytown, who provided landscaping and lighting.
• Initiated the Annual Christmas tree lighting with elementary schools singing and other organizations participating with various activities.
• Coordinated the first Farmers Market in downtown Taneytown, which was located behind the Fire Company, average Saturday attendance was 80-100. Moved to Memorial Park and then the Police Station lot.
• Sponsored the downtown Arctscape, Invasion of the Pumpkin People, Elf Hunt and Harvest Fest, Mr and Mrs. Santa Day, Tails of Taneytown and Annual Wine Art and Music Fest as well as other various events to entice visitors to come to our downtown, parks and other avenues that showcase our community. Money generated from these events go back into downtown and local charitable projects.
• Purchased the Taneytown Downtown banners to help showcase our 250th Anniversary and seasonal banners to be interchanged according to seasons.
• Hosted and funded the “Taneytown Band” from the Netherlands, which generated over $2000 for the Main Street program.
• Committee explored and developed Design Guidelines and Financial Incentive Program for the downtown district.
• Financed in partnership with the City, two large consulting groups to assist with short and long term goals, action plans and marketing strategies for Taneytown downtown development.
• Committee researched and selected downtown historical lighting for the Streetscape, 70% from the Heart of the Civil War Heritage Foundation monies for new street lights for downtown.
• Worked with other Carroll County municipalities to create Carroll County Downtowns which is funded by the CC (Continued on page 5)
WHAT AND WHO IS TANEYTOWN MAIN STREET

(Continued from page 4)

Tourism hotel tax. Monies are used to promote all our downtowns.

• Created partnerships with Heritage and Museum Society, Lions Clubs, Silver Oak Academy, Carroll and Taneytown Chambers, schools, Senior Center, plus many other organizations.

• Applied for Beautification grant for green aesthetics in downtown and area. Received 2K in 2017, receiving another 2K in 2018. Volunteer committee worked on selection and implementation for summer and winter hanging baskets along with greenery around the downtown.

• Main Street Taneytown was responsible for the Taneytown Record which helps to create revenue that is put back in the community.

• Applied for $50,000 for 2017/18 Facade grant. Received $50K grant in December, 2018. The grants cover approved commercial and some residential facade improvements in the Sustainable community area. This brings total Facade grant money to $400K.

• Main Street Facebook was implemented by a volunteer group in 2017. Main Street Board hired a company to design and implement Main Street Taneytown website to promote and enhance the businesses and events in Taneytown.

• Provides Small Business consultant for initial assessment to new downtown business.

Taneytown Main Street volunteers are continuously looking to bring businesses and activities that will bring people “Back to the Neighborhood”, where they will feel a “sense of place”, for memories!

PUBLIC WORKS DEPARTMENT

(Continued from page 2)

items. Only citizens of Taneytown will be allowed to dispose of trash. All others will be turned away.

• Please do not leave trash in the park after hours specified above. The trash disposal service will only operate during these hours.

• Vehicles transporting bulk trash for disposal must be limited to passenger vehicles and pickup trucks. Larger trucks should haul their items directly to the Carroll County Landfill.

• All items containing oil and/or gas must be drained.

• The attendant will direct you to dedicated dumpsters for metal items and appliances.

• There will be one compaction truck designated for all other acceptable recyclable items, which includes little tyke play equipment, plastic trash cans, etc.

• To keep the flow of traffic moving, all recycling items should be separated before entering the drop-off area.

• Dirt, sod, tires, propane tanks, paint, concrete debris or chemicals of any type will not be accepted.

• Yard waste will be limited to grass clippings, flower & shrubbery trimmings only, and must be placed in paper-kraft bags.

• This will be the only bulk trash event for 2018, so please have your unwanted items ready for disposal this spring.

FIRE HYDRANT FLUSHING

The City’s Water Department will be flushing fire hydrants in the areas listed below. City hydrants are flushed regularly to ensure they are in working order for fire protection, and to remove sediment in pipes. These sediments, which do not pose a health concern, are comprised mostly of minerals which have accumulated over time. The annual flush-

The chlorination program helps to keep fresh and clear water throughout the distribution system. Customers may notice a slight drop in water pressure or temporary water discoloration. Restaurants and those using washing machines are cautioned to check their water supply. If tap water does become discolored, turn on several cold-water faucets to run for a short time until the water runs clear. Using more than one faucet allows the water to clear faster.

SPRING CODE ENFORCEMENT REMINDERS
Jim Wieprecht,
Code Enforcement Officer

It’s nearly that time of year when our streets blossom with neon orange, green and yellow tag-board signs, heralding the start of yard sale season! Please keep in mind that off-premise signs are prohibited by City Code. Yard sale signs are permitted in all zones of the City, but they “must be on the property where the sale is being conducted” according to section 205-44.E. Signs on parked vehicles are not allowed, as described in section 205-53.K., “Prohibited Signs”. The off-premise limitations also apply to new home and other real estate directional signs as well. If you place such a sign somewhere other than the property that is having the sale, or is for sale, don’t be surprised if it disappears, as illegal signs may be removed by the City.

Spring is also a busy time of year for complaints regarding yard maintenance, or rather lack of maintenance. Weeds and Grass need to be kept under control (in both front and rear yards!) with the City Code specifying that property owners or occupants not allow property to become overgrown, which is defined basically as weeds or other plants over 8 inches high. Trees are exempt from this requirement, provided they are not growing wild. Plants grown for cultivation or ornamental purposes are also exempt. Property that becomes overgrown, may be considered “detrimental to health, safety or welfare of the inhabitants of the city” according to Chapter 124 Article III of the City Code. When you do mow, please do not discharge or blow grass clippings onto the sidewalk or into the street where they may block storm drains. Yes, that’s a violation of City code as well! Properties that become overgrown or have an accumulation of refuse or rubbish are considered in violation of City code, and may also provide a habitat for rodents and feral cats, which of course trigger complaints. When it’s time to retire old furniture, bedding or an appliance like a washing machine or water heater, please do not simply move them into your yard, and do not sit them out for weekly garbage collection. Bulk items are not to be picked up by the City’s vendor/hauler as part of weekly garbage collection.

I occasionally get daily calls from the individuals to re-report violations. Please be aware that the City must provide notice to property owners, and allow 7 days for initial health and sanitation violations or 10 days for zoning violations, at a minimum, for a property owner to correct the violation before we can step in and mow a property or impound a car for example. There’s no need to call every day until something is corrected.

Let’s all do our part to keep property maintained and help keep our City a safe and healthy environment, and looking its best! Please contact me in the Planning and Zoning Department with any questions or concerns about Code Enforcement or property maintenance at (410) 751-1100 ext.107, or by e-mail to jawieprecht@taneytown.org.

BENEFITS OF A PLANT BASED DIET

A Plant-based diet helps to restore the body’s natural ability to heal itself and that is literally life changing. With the aid of documentaries such as What The Health, Forks Over Knives, and The Future Of Food, America is being exposed to the ever growing benefits of eating a plant-based diet. The claims of eating a plant-based diet are bold. It will decrease your risk of heart disease, lower your risk of cancer, help you to lose weight, all while you watch your diabetes evaporate or osteoporosis be reversed. Some people may not agree with it, but plant-based eating is the only diet scientifically proven to improve or reverse chronic diseases. Dr. Dean Ornish has proven that eating a whole-foods, plant-based diet beneficially affects over 500 genes, turning off the disease-causing genes and turning on the disease-fighting genes. Even more startling is research by Elizabeth Warren, winner of the Nobel Prize in Medicine, and Dr. Ornish who found that you could reverse the inevitable shortening of your chromosomes that accompanies aging simply by eating a whole-foods, plant-based diet. What about depression, allergies, asthma, irritable bowel, reflux, migraines, acne, low sex drive, fatigue and more, the cure can be found at the end of your fork! Fruits, vegetables, nuts, beans, seeds, and legumes are extremely important components of our daily diet. While, unfortunately the SAD (Standard American Diet) like hamburgers, hot dogs, fries, fast food, packaged and frozen foods are typically unhealthy and laden with saturated fat and cholesterol. Even the brands that are deemed "natural, skinny, slim, for weight loss, etc.,” are not good choices in comparison to real whole foods.

It’s a philosophical shift in mind, body, and spirit which results in an overall transformation of self. At a continually increasing rate, people are becoming aware of their bodies and the connection that it has with food. The demand for plant-based food is growing rapidly around the world. For example, Jackfruit was the number one most searched food in 2017. Jackfruit is a low calorie and high fiber fruit. It's native to Asia but making its way in to Americas kitchens. It has a meaty texture, and will mimic any flavor its marinated in. The BBQ Pulled Jackfruit Sandwich is a favorite at Wellness Warriors, a new pop-up business here in Taneytown. You can find this sandwich and more of their menu items at the Thunderhead Bowling Center once a month. If you're interested in learning more about Wellness Warriors, their mission, or a calendar of events, be sure to check them out on Facebook and Instagram.
The Taneytown Volunteer Fire Company had the pleasure of working with Carroll County Career & Technology Center over the past year. Mike Campanile and his masonry students created the brick structure to house our new electronic sign. We’d like to extend a special thank you for a job well done to current students Sang Phan and George Phillips, Zack DiGangi, a former student of the masonry program at CCCT, also gave of his time to help complete the project.

Mike and his team were involved from the onset of the project including creating the architectural drawings that were subsequently approved by the Taneytown City Government and the Carroll County permit office. Their work began with bringing out samples to match the existing brick, creating the steel supports, prepping the area, laying the brick and creating the concrete slab for the top of the sign. The on-site work was done on the student’s own time after school and in the evenings—and even in the cold rain! Mike Campanile’s dedication to the project and his commitment to his students were greatly appreciated. Taneytown Volunteer Fire Company is proud to have been a part of “Putting Our Future to Work”!

Mayor’s History Question Winner TTR #84

Congratulations to James Thompson, age 17. A seventh grader, who is homeschooled here in Taneytown. He is the winner of the Mayor’s History Question in the most recent issue #20 of the Taneytown Record. This week’s question was: QUESTION: During the Civil War, Taneytown served as the gateway to Gettysburg. Many of Taneytown’s young men fought in this conflict. One famous resident has emerged as a battlefield hero who is a recipient of the Congressional Medal of Honor. Who was that man and where is he buried?

James answered: Sgt. Burflington received the Medal of Honor as Sgt. BURFLINGTON, but earned his military career as SGT. BURFLINGTON. This was the first correct answer that the Mayor received in accordance with the rules of the contest. Thank you for all the responses!

CUB SCOUT PACK 718

Cub Scouts is a family activity that engages kids in meaningful and fun activities. The Boys Scouts of America provides our materials and parents provide the leadership. We meet weekly and occasionally have special events on weekends, but we try to hold ourselves to a once a week schedule. Here’s a sample of what the kids do:

- Pinewood Derby — the kids make and race wooden cars. Winners get trophies.
- Raingutter Regatta — the kids put together and race boats. Winners get trophies.
- Once or twice a year camping trip. Usually spring and fall, weather permitting.
- Hikes and exploring outdoors.
- Community service including collecting food for food banks and trash clean up at local parks.
- Small holiday celebrations.
- Games to build teamwork and communication skills.
- Learn knot tying, code writing and breaking, how to take personal responsibility for outdoor preparedness and the list goes on.

Meet from September to June when the kids get promoted to the next rank at our picnic. Cub Scouts is a great activity for kids who don’t play sports because they get to be a part of a structured group activity with their peers. For kids who do play sports, we make sure they get their requirements done to get promoted to the next rank even when they have to miss meetings for practice. We’d love to have more families join us! Email us at Taneytown pack718@gmail.com for more information.

*Actually, this is somebody else’s field — John is just standing in it.*

However, John P. Hale is outstanding in the field of real estate — with over 18 years of experience and professionalism. Buying or selling a home can seem like an overwhelming task. But the right REALTOR® can make the process much easier — and more profitable.

As a Certified Residential Specialist (CRS) with years of experience and success, John will help you make smart decisions in a fast-paced, complex marketplace. To earn the CRS Designation, REALTORS® must demonstrate outstanding professional achievements — including high-volume sales — and pursue advanced training in areas such as finance, marketing and technology. They must also maintain membership in the National Association of REALTORS® and abide by its Code of Ethics. Work with a REALTOR® who has standing in the top 3 percent in the nation. John is also certified as an official Taneytown Ambassador.

Contact John today: 301-310-3345 — johnh@johnphale.com

The museum has a permanent collection and also has over 2,000 items on loan from other institutions.

**Church News**

**EMMANUEL (BAUST) UNITED CHURCH OF CHRIST**

Emmanuel (Baust) United Church of Christ will begin Easter morning with a Sunrise Service at the top of the cemetery at 7AM. The morning worship with Communion will be held in the sanctuary at 10AM.

The Mature Christian Group will meet Thurs., April 12 at 11:30 AM in the Parish Hall. Everyone is invited to attend, a free will offering is taken for the meal. If interested in attending call Betty Heltibridle at 410-751-1140 for reservations.

Join us for worship on April 15 at 10AM. Stay after church for a luncheon to celebrate the end of tax season. A free will offering is taken for the meal. If interested in community service hours turn for community service hours. If interested in community service hours please call (410) 756-2302 by April 12, 2018.

**GRACE UNITED CHURCH OF CHRIST BASKET, BAGS & CASH BINGO FUNDRAISER**

Grace United Church of Christ (Gucc) is announcing a Basket, Bags, & Cash Bingo. Gucc would like to thank the community for their support of the past bingos. Community participation helps to support the Taneytown Food Bank as well as the raffles which support the Grace UCC and other Local Community Projects. As in past Bingsos, attendees who bring one canned good for the Taneytown Food Bank will receive a FREE Senior Jackpot Card (limit one per person). ALL PRIZES ARE FILLED! The Bingo will be held Friday, April 20, 2018 at the Taneytown Firemens Activites Building located at 39 Memorial Drive in Taneytown, Maryland. Doors open at 5:30 pm and games start at 7:00 PM. Tickets are $15 in advance and $18 at the door. Every seat requires a ticket. There will be food available for purchase. Games feature Longaberger baskets, Michael Kors, Vera Bradley, 31 bags and $50 Cash Games as prizes and include Junior and Senior Jackpot games, door prizes and 50/50 Raffles. There is limited seating so please reserve early by calling Michelle at 410-756-2599 or Joan at 410-756-2043. Gucc is also looking for students to help with the bingo in return for community service hours. If interested in community service hours please call (410) 756-2302 by April 12, 2018.

**GET BOOSTERED**

Hello, it’s Shelby with Antrim Veterinary Hospital. You may wonder why it is so important for your pet to receive vaccines and why they need those vaccines boosterd. Vaccines work by stimulating the immune system to produce antibodies to a particular virus, bacteria, or other infectious organism (antigen). If the body is exposed to these antigens in the future the antibodies it made will either prevent infection or decrease the severity of the disease and allow for a quicker recovery.

Some vaccines require a booster 3-4 weeks after the initial vaccine is given. Consider the first vaccine a "priming" dose. The second vaccine is needed to boost the response to achieve a higher, longer lasting level of immunity. Immunity does decline over time, therefore, to maintain the best immunity revaccination is needed. This will vary based on the vaccine. It is not typically recommended to have a mass one of the largest assemblies of biblical artifacts and texts in the world through collaborations with private donors, institutions, and other museums. Each of the six floors in the museum contain a different exhibit which emphasizes different aspects of the Bible’s history or impact. This includes three permanent exhibit floors, each measuring 55,000 square feet (5,100 m). The suggested donation for the museum is $10.00. To reserve a ticket or for more information call Sandy at 410-857-0416 or email sandys46@netscape.com. Sat., May 19 will be the Annual Spring Tea. There will be two seatings, 11AM and 1:30PM. The menu includes: Hot and Iced Tea, Chilled soup, Salad, Assorted Muffins and Scones with clotted cream, Assorted Finger Sandwiches, Fruit and Sweets. Price: 12 and up - $20, 5 to 11 - $10. For reservations please call 410-756-4152 or email o3in4dy@ yahoo.com. Seating limited, reserve early. All reservations due by Tuesday, May 15th.

The public is welcome to any of the church programs and activities.

The church is located at 2950 Old Taneytown Rd in Tyrone, MD. The minister is Rev. Jeffry Dull. For more info call 410 751-1237 or office@ebucc.com.

to vaccinate your pet if it is ill. If their immune system is already trying to fight an illness or infection they may not be able to mount an adequate response to the vaccine.

Almost all vaccines are given by injection although some are given orally or nasally. This is necessary to stimulate the immune system. Within a few hours of vaccination, the early stages of response begin, however be aware that pets are not immediately protected. With injectable vaccines it takes 10-14 days after vaccination for a decent level of immunity to develop. Intranasal or oral vaccines often afford protection in 2-3 days. There are very few risks associated with vaccines. Your pet may have a temporary loss of appetite or some soreness or stiffness but these signs typically resolve within hours. These risks are very minimal compared to the risks presented by the infectious diseases the vaccines protect against.

Puppies and kittens do need more boosters than an adult animal. This is because when a puppy or kitten is born the mother passes maternal antibodies to their newborn in colostrum (the first milk). This means that the protection the mother had against diseases and viruses the newborn now has. The amount of immunity passed on to the newborn varies based on the quality and amount of colostrum ingested as well as how soon after birth the newborn nurses. Puppies and kittens absorb the maximum amount of colostrum by 8 hours after birth. At that time the intestinal tract begins to change and by 24 hours after birth they can no longer absorb the maternal antibodies. As long as maternal antibodies are high, the newborn can not respond to vaccines. However, if the maternal antibody level drops before the animal can mount their own response to vaccines they will be vulnerable. Because it is difficult to tell when the maternal antibodies have dropped, puppies and kittens are vaccinated every few weeks to try to cover them while they mount a response. Most maternal antibodies have dropped by 15-16 weeks of age. Occasionally certain circumstances will dictate continuing a puppy series beyond 16 weeks.

Our pets are exposed to bacteria and viruses every day. Although we don’t have vaccines for all of these organisms we can at least protect them from quite a few of the deadliest. The benefits of vaccinating your pet greatly outweigh any risks associated, however not every pet needs every vaccine. Here at Antrim we tailor the vaccines to the lifestyle of the animal. For more information on the vaccinations your pet should receive please give us a call at 410 - 751 - 0091.
MOTHER SETON SCHOOL ANNOUNCES WINNERS OF 2018 S.T.E.M. FAIR

A device to snap footballs to the quarterback and an experiment testing whether certain mouthwash brands could repair tooth enamel were the top winners at Mother Seton School’s S.T.E.M. (Science, Technology, Engineering, and Mathematics) Fair this year. Seventh-grader Nathan Kovalcik took home the title of Grand Champion of Invention with The Snapper, a device which acts like the center on a football team to snap the ball to the quarterback for practice. Eighth-grader Megan Adams earned Grand Champion of Experimentation with her project studying whether or not various mouthwashes really will restore your tooth enamel. This was a back-to-back win for Megan, who took home the Grand Champion of Experimentation award last year. This year, Megan was also named overall Grand Champion.

More than 100 students participated in the event, which is mandatory for grades five through eight and optional for third- and fourth-graders. Projects included experiments on the most effective humectants, the psychology of marketing, and the impact of rock salt on aquatic and terrestrial ecosystems. One student also designed a device meant to ease muscle and joint pain.

Students had the opportunity to work with mentors on their projects, such as Ed Hatter, a NASA scientist and co-coordinator of the event; Dr. Jeffrey Simmons, Dean of the School of Natural Science and Mathematics at Mount St. Mary’s University; Daryl Bruner, who helped the students who were interested in web design and creating apps; Ron Albargh, professor at Hood College; Michael Rosenthal, retired chemistry professor from Mount St. Mary’s University; Edison Hatter, a 2014 graduate of MSS; and Don Thompson, retired Army and current parent.

“We are grateful for the assistance from the mentors and judges,” Mrs. Kuykendall said. "It certainly enhanced the experience for our students.”

In addition to the Grand Champions, winners included the following students in each grade: 3rd Grade: Jacob Marron (1st), Abigail Field (2nd), Rachel Zurawski (3rd); 4th Grade: Maggie Rabaiotti (1st), Sophia Erdman (2nd), Thien-y Pham (3rd); 5th Grade: Isaac Jenkins (1st), Olivia Adams (2nd), Faith Collins (3rd), Brady Koenig (HM); 6th Grade: Cassidy Sill (1st), Emily Flynn (2nd), Julia Wivell (3rd), Sophia Launchi (HM); 7th Grade: Grant Kelly (1st, Experiment), Nathan Kovalcik (1st, Invention); Brendan Guinan and Beckett Taylor (2nd, Experiment), Carter Loher (2nd, Invention), Ouysh Nguyen (3rd, Experiment), Jayden Joseph (HM, Experiment); 8th Grade: Megan Adams (1st), Keola Evans and Jane Waybright (2nd), Mia Ferrero (3rd), and Raphaela Smaldone (HM).

MOTHER SETON SCHOOL WINS GOLD AT EDUCATIONAL ADVERTISING AWARDS

Mother Seton School’s admissions brochure has been presented with the Gold award by the Educational Advertising Awards in the “Brochure” category. A national panel of education industry specialists reviewed all entered pieces, presenting Gold, Silver, Bronze and Merit awards based on creativity, marketing execution and, message impact.

Mother Seton School partnered with Creosote Affects, an educational branding and marketing firm, to analyze changing market demographics and communicate the importance of a Mother Seton School education to new audiences. Together, Creosote Affects and Mother Seton School created an admissions brochure that combined clear, inspirational language and stunning photography to promote the school’s commitment to 21st-century learning, Catholic virtues and student success.

The back panel of the brochure unfolds to reveal an insert containing curricular information that corresponds to the prospective student’s age. Having a series of inserts to choose from allows Mother Seton School to provide parents with messaging that applies to their child’s stage of development.

Through the admissions brochure, Mother Seton School can express its value to prospective parents in a compelling and cost-effective way.
