If I were Mayor I would build a sports complex with a Y.M.C.A. inside or it. I would do that because people could have fun and exercise at the same time. For example somebody has a soccer game or a baseball game and after they want to exercise and the closest activity center is one hour away. With the activity center in the sports complex all they have to do is walk to the activity center and they can exercise. I would get the money from opening a Candy Shop or Snack Shack. The sports complex would be good for downtown because people could exercise and play a sport and/or anything else.

Sincerely, at Tes,
Mason Layne
